

We're an Edmonton design firm with a talent for interiors. Our work starts with the basic elements and principles of design and then develops into something that's edgy, adventurous, and quietly unique. Creating breathtaking commercial and residential spaces is what we live for.

OUR SERVICES:

Every project has different requirements. Design Eye is able to provide a scope of services unique to each client. We are pleased to provide the following services:

CONTRACT DOCUMENTS

- Provide a drawing package relating to construction finishes and/or furniture.
- Collaborate with other required consultants.

PROGRAMMING

- Identify the needs and goals of the design project.

DESIGN

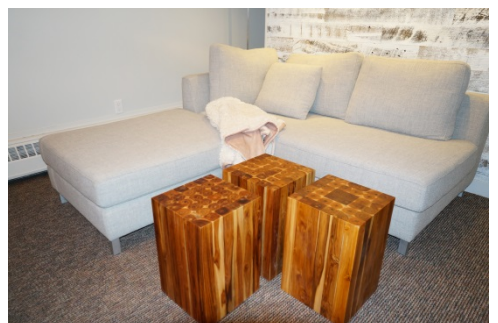

- Formulate design concepts that are appropriate and describe the character, function, and aesthetic of a project.
- Develop and present space plans, furniture plans, millwork drawings, lighting and electrical plans.
- Present all types of finish selections
- Create color and material boards to explain design intent.

CONTRACT ADMINISTRATION

- Conduct site visits and inspections.
- Oversee installation of furnishings, fixtures, and equipment on the client's behalf.
- Prepare deficiency list for client's use.

CAD DRAWINGS

- Provide computer generated drawings produced in AutoCad format.

OUR EXPERIENCE:

Design Eye has a range of experience with numerous residential projects with scopes ranging from consultations to a complete drawing package. Services include furniture layouts, choosing and ordering of furniture, artwork and accessories based on function and aesthetics.
